After 25 years with the Austrian Police I joined the Delegation in Sarajevo as a RSO. During my time with the Austrian administration I was a staff representative.

At the moment I am covering 7 Delegations and therefore I know many problems of our colleagues in the Delegations.

At HQ level and at the Delegations there are colleagues with different status with different problems.

Nevertheless, we have to act as a single group and only together we can be strong.

Lets give us the chance to create a bright future for all of us at HQ level and at the Delegations.
