Who I am

Contract Agent at the EU Delegation in Madagascar, I am Social Anthropologist and Economist. I have been ALAT at the EC Delegation for Central America (Managua), Individual expert in Port-au-Prince, but also worked before as consultant (in Africa and Latin America) and for NGOs (in the Balkans), a for a university and a Federal Minister's Cabinet in Belgium.

Why I am candidate – What will be my priorities: *Probably because after all, I still believe on an european model, and I strongly support the idea of a european public service which promote values we encourage on projects implementation: relevance, efficiency, efficacy, sustainability. My priority would be to support the research for a system where everyone (no difference between levels, grades nor status) wins its part and the people working for european institutions agree to give the best of itself as he knows that we are all targeting the same goal and we share the values of a huge team. It looks like fantasy? I am sure it is possible!*
