

Victoria DAVYDOVA

Couple no 2.

- EU Delegation to UKRAINE, Kyiv: Press and Information Officer (since 1996)
- Member of the trade unions since 2000; USHU President (2008-2011), USHU General Secretary (2011-unitl now)
- Elected to the EC staff committee in 2002, 2006 and 2008 (President of CLPHU); Vice President of the EEAS Staff Committee since 2011

I decided to stand for these elections because I want to defend the rights of my colleagues and to ensure equal treatment of all staff at the EEAS and hope that my experience, political will and courage will help me cope with this task. I am convinced that it is high time to build a better and stronger staff representation to be able to respond to the challenges of such institution as EEAS.

I see the **following principles as the main ones in the work of a staff representative:**

- decent treatment of all staff and defence of the rights of all the personnel
- transparency and consultations with people I represent, staff representatives are at your service;
- Looking for solutions and implementing them,
- concrete work on concrete dossiers, both general and individual
- Informing and reporting to colleagues on the results.

My particular spheres of interest on which I promise will work hard: (i)- **improvement of working conditions in delegations;**-(ii)**career development and training for all staff categories;** (iii)-**Local Agents in delegations: improvement of the social security package (medical insurance, provident fund, promotion and reclassification).**

Please support me and the whole NEAR team in these elections!!!
