Ferdinand.Kopp@eeas.europa.eu

Hallo! My name is Ferdinand Kopp. I am a lawyer. After 11 years in a national administration, I joined the Commission in 1997. In 2011, I was "transferred" to the new "European External Action Service" (EEAS).

I like the field of external relations, the diplomacy and the field of cooperation. It is important for the EU. The EEAS should represent the EU in the most positive way. Therefore, I am interested that the EEAS is successful and leads Europe to be the global player what it and its peoples expect and deserve.

The key to the success is a highly motivated staff who is respected and well-treated. We in NEAR work for it. We defend the rights and interests of all staff categories in EEAS. We fight for your interests! All staff should get proud to be staff of EEAS.

Still a lot has to be done! Let's do it together! Vote for me and NEAR!
