

# Anxos RODRIGUEZ SOTO

**I'm actually working as Financial Verifying Officer at EEAS Headquarters, IBS.5 Division.**

**I belong to the AST category and speak French/English/Spanish/Portuguese.**

I am candidate for R&D, historical and highly representative Trade Union within the European Institutions, in the Near You list and will put forward the interests of the EEAS staff vis-à-vis the Administration.

Among my priorities is the improvement of the working conditions for all categories of staff. Pet subjects are supporting staff members via the improvement of working conditions and career plans.

I will commit myself to support my colleagues for all the above.
