

# Bruni THELEN

**Currently floater in Minsk...**

My experience in several EU Delegations and in HQs, DG RELEX and the EEAS, as well as a former elected Member of the Staff Representation at the Commission (Committee for staff outside the Union) and at the EEAS, has given me a broad knowledge of the EU Commission and the EEAS functioning as well as the specific needs and interests of the staff in the Delegations or going to the Delegations.

I have always been very keen in defending colleagues and staff interests and I am proud to have helped a lot of colleagues in the past.

Therefore, I would like to offer again my services and to represent as before the interests of all categories of staff at the EEAS at the new Staff Committee.
