

Katarzyna Horemans

I am an HR Assistant in Resources and Planning division.
I have Bachelor degree in Human Resources Management and a Master's in European Integration.

I started my career in the European Institutions in 2003.

I speak Polish, English, French & Dutch and I am a big fan of Haruki Murakami.

My name is Katarzyna Horemans and I am of Polish nationality. I started working for the European Institutions in 2003: my first posting was in DG REGIO as auxiliary agent. Since 2004 I am official. I joined RELEX in 2008. A year later I was elected as staff representative in the Local Staff Committee. I am also a member of two committees: Joint Committee for Social action and Advisory Committee on Welfare Grants and Loans.

As a staff representative, I would like to focus on issues concerning career perspectives of all EEAS staff, including the staff in the Delegations. I pay attention to the recruitment practice and the equality and transparency within the selection process. Decent working conditions and a healthy working environment are also topics of my great consideration.

*With best regards,
Katarzyna Horemans*
