

Dirk Buda

**Delegation Algiers, Head of Political Section,
Alternate member EEAS Staff Committee since 2011**

I'm a colleague of yours working as EU official since 1993: DG EMPL/ex DGV; DG RELEX/ex DGIA; JRC/Ispra (Institute for the Protection and Security of the Citizen), EEAS HQ and postings in several Delegations (Afghanistan, Tunisia and since 2013 in Algeria).

I would like to continue defending the quality and independence of the EEAS as a genuine EU (and above all European) civil service. As in the past, I'm committed to work on key challenges such as mobility and career planning, ready to bring in my competences and personal experiences in the area of external relations, institutional affairs and social dialogue.
